

ESASO
DAY

New aspects of retinal diseases and glaucoma

24 – 25 November 2017, Lublin, Poland

New aspects of retinal diseases and glaucoma

ESASO Day

ESASO days are educational events that focus on a particular ophthalmic pathology, with a specific approach and analysing evolution. ESASO days address expert ophthalmologists, who are particularly involved with the specific topic. Since they are different from congresses, with a more limited number of participants, they can become part of a wider international network and be more effective in delivering teaching and spreading the knowledge of new medical technologies.

Giuseppe Guarnaccia
*ESASO Global Executive Director,
Lugano, Switzerland*

Robert Rejdak
*Scientific Director
Department of General Ophthalmology,
Medical University of Lublin,
Lublin, Poland*

Faculty

- Francesco Bandello, Italy
- Maurizio Battaglia Parodi, Italy
- Anniken Burés, Spain
- Borja Corcóstegui, Spain
- Damian Czepita, Poland
- Felipe Dhawahir-Scala, UK
- Ehab El Rayes, Egypt
- Carl Erb, Germany
- Stratos Gotzaridis, Greece
- Anselm Jünemann, Germany
- Anat Loewenstein, Israel
- Anna Machalińska, Poland
- Jerzy Mackiewicz, Poland
- Sundaram Natarajam, India
- Katarzyna Nowomiejska, Poland
- Marek Rekas, Poland
- Robert Rejdak, Poland
- Stanislao Rizzo, Italy
- Mario Romano, Italy
- Edward Wylęgała, Poland
- Zbigniew Zagórski, Poland
- Tomasz Żarnowski, Poland
- Anna Zubilewicz, Poland

Venue

Medical University of Lublin
Department of General Ophthalmology
ul. Chmielna 1 (SPSK Nr 1)
20-079 Lublin, Poland

Programme

Friday, 24 November 2017

08:40 - 08:45	Opening	Ryszard Maciejewski, Poland Robert Rejdak, Poland Giuseppe Guarnaccia, Switzerland
08:45 - 10:45	Live Surgery 2 speakers in the operating room: Stratos Gotzaridis, Greece; Jerzy Mackiewicz, Poland 2 speakers in the congress room: Anselm Jünemann, Germany; Anat Loewenstein, Israel	Borja Corcóstegui, Spain Felipe Dhawahir-Scala, UK Mario Romano, Italy Robert Rejdak, Poland Stanislao Rizzo, Italy
10:45 - 13:00	Trauma course Chairs: Borja Corcóstegui, Spain; Robert Rejdak, Poland; Anselm Jünemann, Germany	
10:45 - 11:00	Preoperative Assessment: Clinical Exam, Imaging, Case Selection	Sundaram Natarajam, India
11:00 - 11:15	Management of Anterior Segment Injury: Corneal Laceration, Cataract, Anterior Segment Intraocular foreign bodies	Stratos Gotzaridis, Greece
11:15 - 11:30	Management of Choroidal Hemorrhage	Borja Corcóstegui, Spain
11:30 - 11:45	Emulsion of silicone oil in trauma case: interfacial tension vs viscosity	Mario Romano, Italy
11:45 - 12:00	Management of Posterior Segment Injury: Retinal Detachment	Stanislao Rizzo, Italy
12:00 - 12:15	Penetrating eye injuries. Different scenario of presentations and management	Ehab El Rayes, Egypt
12:15 - 12:30	Management of Traumatic Endophthalmitis	Robert Rejdak, Poland
12:30 - 12:45	Management of Postoperative Endophthalmitis	Felipe Dhawahir-Scala, UK
12:45 - 13:00	Discussion	
13:00 - 14:00	LUNCH	
14:00 - 15:00	Surgical retina Chairs: Borja Corcóstegui, Spain; Jerzy Mackiewicz, Poland; Stanislao Rizzo, Italy	
14:00 - 14:10	Current management of rhegmatogenous retinal detachment	Borja Corcóstegui, Spain
14:10 - 14:20	Retinal implant for dystrophies	Stanislao Rizzo, Italy
14:20 - 14:30	Current management of macular hole	Ehab El Rayes, Egypt
14:30 - 14:40	How to minimise the iatrogenic traction of the cutter	Mario Romano, Italy
14:40 - 14:50	Tractional retinal detachment	Jerzy Mackiewicz, Poland
14:50 - 15:00	Management of macular pucker	Katarzyna Nowomiejska, Poland
15:00 - 15:45	Round table	
15:45 - 16:00	COFFEE BREAK	
16:00 - 17:10	Medical retina Chairs: Francesco Bandello, Italy; Anat Loewenstein, Israel; Zbigniew Zagórski, Poland	
16:00 - 16:10	Management of DME	Francesco Bandello, Italy
16:10 - 16:20	Treatment of proliferative DR; management of vitreous haemorrhage in PDR	Robert Rejdak, Poland
16:20 - 16:30	Why, when and which laser in PDR	Anna Zubilewicz, Poland
16:30 - 16:40	Management of RVO	Anat Loewenstein, Israel
16:40 - 16:50	Current approach to CNV secondary to AMD	Anna Machalinska, Poland
16:50 - 17:00	Indications to OCT-A	Anniken Burés, Spain
17:00 - 17:10	Treatment of CSC	Maurizio Battaglia Parodi, Italy
17:10 - 17:30	Round table	

Programme

Saturday, 25 November 2017

09:00 - 12:10	Glaucoma Chairs: Carl Erb, Germany; Tomasz Zarnowski, Poland; Marek Rekas, Poland	
09:00 - 10:00	Live Surgery	Anselm Jünemann, Germany Tomasz Zarnowski, Poland
10:00 - 10:30	COFFEE BREAK	
10:30 - 10:40	MIGS – transtrabecular Filtration – iStent and iStent inject	Marek Rekas, Poland
10:40 - 10:50	New developments in glaucoma surgery	Anselm Jünemann, Germany
10:50 - 11:00	Trabeculectomy	Tomasz Zarnowski, Poland
11:00 - 11:10	MIGS – suprachoroidal Filtration – CyPass and iStent supra	Carl Erb, Germany
11:10 - 11:20	MIGS with bleb – XEN Gel stent	Anselm Jünemann, Germany
11:20 - 11:30	Micropulse Transscleral Cyclophotocoagulation as a treatment option for a wide range of glaucoma patients	Zbigniew Zagórski, Poland
11:30 - 11:40	Myopia – pathogenesis and possibilities of treatment	Damian Czepita, Poland
11:40 - 11:50	High intensity focused ultrasound (HIFU) transscleral cyclocoagulation in the treatment of glaucoma	Edward Wylegała, Poland
11:50 - 12:20	Round table
