# Innovations and current trends in cataract surgery

**ESASO Forum is an educational event that focus on a particular ophthalmic pathology, with a specific approach and analysing in-volution.**

**ESASO Forum address expert ophthalmologists, who are particularly involved with the specific topic. Since they are different from congresses, with a more limited number of participants, they can become part of a wider international network and be more effective in delivering teaching and spreading the knowledge of new medical technologies.**

Giuseppe Guarnaccia  
*ESASO Global Executive  
Director,  
Lugano, Switzerland*

Boris Malyugin  
*President of Russian  
Ophthalmology Society,  
Moscow, Russia*
