

Vitreoretinal Surgery
SECOND MODULE A 2010
31 May - 04 June

31
May
2010

h. 8:30 - 9:30

CORCÓSTEGUI B.

Anatomy of the eye's vitreo and the posterior segment

h. 9:30 - 10:30

TORNAMBE P. E.

Prophylaxis for retinal detachment

h. 10:30 - 12:30

KROLL P.

Rhegmatogenous retinal detachment: pathogenesis, cases and diagnosis

h. 12:30 - Lunch -

h. 13:30 - 14:30

TORNAMBE P. E.

Pneumatic retinopexy

h. 14:30 - 15:30

KROLL P.

Ab externo surgery for retinal detachment: materials and rationality

h. 15:30 - 16:30

KROLL P.

Ab externo surgery for rhegmatogenous. Retinal detachment (techniques and handling of intraoperative and postoperative complications)

02
June
2010

h. 8:30 - 9:30

WOLF S.

Posterior segment trauma

h. 9:30 - 11:30

LIX.

Retinal detachment in pseudo-aphakic eyes and/or in highly myopic eyes

h. 11:30 - 12:30

LIX.

Bimanual vitrectomy

h. 12:30 - Lunch -

h. 13:30 - 14:30

EVANS N.

Enzimatic Vitreolysis and intravitreal drugs delivery (pharmacological agents, techniques of injection and of scleral implants)

h. 14:30 - 16:30

EVANS N.

Endophthalmitis after various surgeries: prevention, practical management, surgery, post-op management

01
June
2010

h. 8:30 - 10:30

CHANG S.

20g, 23g and 25g Pars Plana Vitrectomy on rhegmatogenous retinal detachment: cases and surgical techniques

h. 10:30 - 12:30

CHANG S.

Tamponades: physical peculiarities, techniques of injection and their exchange

h. 12:30 - Lunch -

h. 13:30 - 15:30

WOLFENSBERGER T.

20g, 23g and 25g PPV vitrectomy on rhegmatogenous detachment: handling of intraoperative and postoperative complications

h. 15:30 - 16:30

WOLFENSBERGER T.

Mixed techniques: ab-externo and vitrectomy surgery

03
June
2010

h. 9:30 - 11:30

NIKOLAKOPOULOS A.

Tractional retinal detachment, diagnosis, therapeutical and surgical management

h. 11:30 - 12:30

NIKOLAKOPOULOS A.

Vitreoretinal proliferation syndrome

h. 12:30 - Lunch -

h. 13:30 - 15:30

OHJI M.

Surgical treatment for VMT, ERM and DME

h. 15:30 - 17:30

OHJI M.

Surgical treatment for submacular hemorrhage

04
June
2010

h. 8:30 - 9:30

LOEWENSTEIN A.

Macular pucker: reproliferation and handling of intraoperative and postoperative complications

h. 9:30 - 10:30

LOEWENSTEIN A.

Irvine-Gass syndrome

h. 10:30 - 12:30

MUNIER F.

Retinoblastoma, melanoma and other posterior neoplasies

h. 12:30 - Lunch -

h. 13:30 - 14:30

LANZETTA P.

Diabetic macular oedema: surgical treatment and handling of intraoperative and postoperative complications

h. 14:30 - 15:30

LANZETTA P.

Neovascular AMD: treatments and follow-up
