

**Retinal Diseases**  
**SECOND MODULE B 2010**  
**07 June - 12 June**

**07**  
June  
2010

**h. 8:30 - 9:30**

**CAPONE A.**

Development of the baby's retina and retinopathy of prematurity

**h. 9:30 - 11:30**

**CAPONE A.**

Retinopathy of prematurity: treatments

**h. 11:30 - 12:30**

**CAPONE A.**

Other vitreoretinal pathologies of the premature baby

**h. 12:30 - Lunch -**

**h. 13:30 - 15:30**

**NAVARRO R.**

Hereditary retinal pigmentary degenerations and hereditary macular dystrophies

**h. 15:30 - 16:30**

**GONZALEZ DUARTE R.**

Molecular and genetic approaches to diagnose retinal degenerations

**h. 16:30 - 17:30**

**GONZALEZ DUARTE R.**

Novel gene therapies for hereditary retinal diseases (Leber's and Stargardt's disease, retinitis pigmentosa)

**08**  
June  
2010

**h. 8:30 - 10:30**

**RICHARD G.**

Posterior and intermediate uveitis: cases, diagnosis and treatments

**h. 10:30 - 11:30**

**GAUDRIC A.**

Retinal arterial occlusions, choroidal ischemia and ocular ischemic syndrome

**h. 11:30 - 12:30**

**RICHARD G.**

Epitheliopathies

**h. 12:30 - Lunch -**

**h. 13:30 - 15:30**

**GAUDRIC A.**

Macular hole: diagnosis, therapeutical and surgical management

**h. 15:30 - 17:30**

**PRÜNTE C.**

Vascular anomalies of the fundus oculis: diagnosis and treatments

**h. 17:30 - 18:30**

**PRÜNTE C.**

Anomalies and pathology of the optic disk

**09**  
June  
2010

**h. 13:30 - 15:30**

**GARCIA-ARUMI J.**

Proliferative diabetic retinopathy: surgical treatment and handling of intraoperative and postoperative complications

**h. 15:30 - 17:30**

**GARCIA-ARUMI J.**

Retinal venous occlusions: diagnosis and choice of treatments

**10**  
June  
2010

**h. 8:30 - 10:30**

**POURNARAS C.**

Diabetic retinopathy: diagnosis and treatments

**h. 10:30 - 12:30**

**MATEO C.**

Myopic macula

**h. 12:30 - Lunch -**

**h. 13:30 - 15:30**

**MATEO C.**

Complications and complexities in V-R surgery. How to recognize and how to treat them

**h. 15:30 - 17:30**

**ZARBIN M. A.**

Age-related macular degeneration (AMD): pathogenesis, cases and diagnosis

**11**  
June  
2010

**h. 8:30 - 9:30**

**ZARBIN M. A.**

What's new in the treatments of Dry-AMD

**h. 9:30 - 10:30**

**SCHMIDT-ERFURTH U.**

Neovascular AMD: State-of-the-art diagnosis and therapy

**h. 10:30 - 11:30**

**CUNHA-VAZ J.**

The blood-retinal barrier and its relevance in retinal diseases

**h. 11:30 - 12:30**

**CUNHA-VAZ J.**

Patients do not love fluorescein angiography, do we really need it nowadays?

**h. 12:30 - Lunch -**

**h. 13:30 - 15:30**

**AYLWARD B.**

The vitrectome and systems of intraocular vision

**h. 15:30 - 19:30**

**BINDER S.**

Wet Lab

**12**  
June  
2010

**h. 8:30 - 12:30**

**BINDER S.**

Wet Lab

**h. 12:30 - Lunch -**

**h. 13:30 - 17:30**

**BINDER S.**

Wet Lab
