

Medical and Surgical Retina

28 September – 2 October 2015, Ankara/Turkey

Scientific coordinator: Emin Özmert, Turkey

MONDAY, 28 SEPTEMBER 2015		
09:00	Pathologies of vitreomacular interface - Pre-surgical evaluation: prognostic indicators of visual recovery - Surgical treatment: how to evidence and effectively remove posterior hyaloid, ERM, and ILM - Intraoperative complications and use of tamponades	Anselm Jünemann, Germany
11:00	TEA BREAK	
11:15	Enzymatic vitreolysis for tractional maculopathy: Correct selection of patients, technique, follow-up, complications	
12:30	LUNCH	
13:15	- Submacular hemorrhage: etiology, clinical characteristics, management, prognosis - Pseudophakic retinal detachment: incidence, pathogenesis, clinical characteristics, management	Cengiz Aras, Turkey
14:45	TEA BREAK	
15:00	Infective endophthalmitis: diagnosis, management, prophylaxis, prognosis	
16:00 – 17:15	New laser treatments and modalities: yellow wavelength, subthreshold, micropulsed, pattern scan, navigated laser	Emin Özmert, Turkey
TUESDAY, 29 SEPTEMBER 2015		
08:30	- Infrared imaging - Autofluorescence imaging - Indocyanine green angiography	Giovanni Staurenghi, Italy
10:00	TEA BREAK	
10:15	- OCT, Angio OCT - Differential diagnosis with multimodal imaging	
11:30	Retinal vein occlusions: primary management & retreatment and follow-up	Figen Şermet, Turkey
12:45	LUNCH	
13:30 – 17:30	Wet-Lab: vitrectomy & scleral buckling practice Training with vitrectomy & ophthalmoscope simulators	Defne Kalaycı, Turkey Numan Alp, Turkey Hakan Durukan, Turkey Figen Şermet, Turkey Sibel Demirel, Turkey Emin Özmert, Turkey
WEDNESDAY, 30 SEPTEMBER 2015		
08:30	- Differential diagnosis of uveal malignant melanoma - Neoplastic masquerade syndromes	Hayyam Kıratlı, Turkey
10:15	TEA BREAK	

Medical and Surgical Retina

28 September – 2 October 2015, Ankara/Turkey

Scientific coordinator: Emin Özmert, Turkey

WEDNESDAY, 30 SEPTEMBER 2015		
10:30	- Neovascular AMD: resistance, tolerance, non-responder & recalcitrant cases in anti-VEGF treatment - The lesions that may be misdiagnosed as AMD: macular telangiectasia, adult-onset vitelliform dystrophy, chronic central serous chorioretinopathy, pattern dystrophy	Figen Şermet, Turkey
12:30	LUNCH	
13:30 – 17:30	Wet-Lab: vitrectomy & scleral buckling practice Training with vitrectomy & ophthalmoscope simulators	Defne Kalaycı, Turkey Numan Alp, Turkey Hakan Durukan, Turkey Figen Şermet, Turkey Sibel Demirel, Turkey Emin Özmert, Turkey
THURSDAY, 1 OCTOBER 2015		
08:30 – 12:30	Wet-Lab: vitrectomy & scleral buckling practice Training with vitrectomy & ophthalmoscope simulators	Defne Kalaycı, Turkey Numan Alp, Turkey Hakan Durukan, Turkey Figen Şermet, Turkey Sibel Demirel, Turkey Emin Özmert, Turkey
12:30	LUNCH	
13:15	- Bimanual vitreoretinal surgery in cases with severe proliferative diabetic retinopathy - Long-term outcomes of pars plana vitrectomy without ILM peeling for optic pit maculopathy	Remzi Avcı, Turkey
14:30	TEA BREAK	
14:45	Treatment of posterior segment open globe injuries	
15:45 – 17:00	Ophthalmic microendoscope in vitreoretinal surgery	Emin Özmert, Turkey
FRIDAY, 2 OCTOBER 2015		
08:00	LIVE SURGERY: HD/3-D	Emin Özmert, Turkey Stanislao Rizzo, Italy
12:30	LUNCH	
13:00	Retinal prosthesis	Stanislao Rizzo, Italy
14:30	TEA BREAK	
14:45	Macular hole surgery, 27-G vitrectomy	
16:00 – 16:30	Certificates and farewell
