

# Advanced & Intermediate Surgical Retina

6 - 10 February 2017, Lugano/Switzerland

Scientific coordinators: Borja Corcóstegui, Spain; Bruno Falcomatà, Italy

	<b>MONDAY, 6 FEBRUARY 2017</b>	
	<b>THOUGH RHEGMATOGENOUS RETINAL DETACHMENTS</b>	
08:30	Pre-test and welcome	
09:00	Smart Check of retinal detachment secondary to big retinal breaks (giant tears, retinodialysis) and make-up the surgery's plan	Stanislao Rizzo, Italy
09:45	Surgery of RD secondary to big retinal breaks, fundamental steps, cases peculiarity unforeseen events and complications	Grazia Pertile, Italy
10:45	COFFEE BREAK	
11:15	Techniques of retinal shortage (shortening) ab externo and ab interno	Stanislao Rizzo, Italy
11:45	Surgical and pharmacological strategies for the prevention of the PVR	
12:30	LUNCH	
13:30	Use of the tamponades as surgical tools and as vitreous substitutes	Grazia Pertile, Italy
14:00	Dealing with intra-op and early and late post-op tamponade's complications	
15:15	COFFEE BREAK	
15:45	Surgical approach at a redetachment under silicone oil	Stanislao Rizzo, Italy
16:15 - 16:45	Surgical cases study	Grazia Pertile, Italy
	<b>TUESDAY, 7 FEBRUARY 2017</b>	
	<b>PITS AND PEARLS FOR PRINCIPLE STEPS OF VITRECTOMY</b>	
09:00	Vitreous anatomy in relation to physics of vitrectomy	Anselm Jünemann, Germany
10:30	COFFEE BREAK	
11:00	Ocular trauma in hands of the vitreoretinal surgeon	Robert Rejdak, Poland
12:00	Preparatory lecture to Wet-Lab	
12:30	LUNCH	
13:30 - 17:00	Wet-Lab / Dry-Lab + Video Session: Challenging cases and complications in vitreoretinal surgery	Anselm Jünemann, Germany Robert Rejdak, Poland
	<b>WEDNESDAY, 8 FEBRUARY 2017</b>	
08:30	Wet-Lab / Dry-Lab + Video Session: Challenging cases and complications in vitreoretinal surgery	Anselm Jünemann, Germany Robert Rejdak, Poland
12:30	LUNCH	
13:30 - 17:00	Wet-Lab / Dry-Lab + Video Session: Challenging cases and complications in vitreoretinal surgery	Anselm Jünemann, Germany Robert Rejdak, Poland
	<b>THURSDAY, 9 FEBRUARY 2017</b>	
09:00	Wet-Lab / Dry-Lab	Anselm Jünemann, Germany Robert Rejdak, Poland
12:30	LUNCH	

# Advanced & Intermediate Surgical Retina

6 - 10 February 2017, Lugano/Switzerland

Scientific coordinators: Borja Corcóstegui, Spain; Bruno Falcomatà, Italy

	<b>THURSDAY, 9 FEBRUARY 2017</b>	
	<b>PVR</b>	
13:30	PVR evaluation and surgical approach	José García-Arumí, Spain
14:00	Pearls and tricks of membrane dissection, PFCL and staining of membranes	
14:45	COFFEE BREAK	
15:15	- Retinotomy/retinectomy - Subretinal membranes in PVR	José García-Arumí, Spain
16:30 - 17:15	Trauma and PVR Cases	
	<b>FRIDAY, 10 FEBRUARY 2017</b>	
	<b>TECHNOLOGY FOR VITREORETINAL SURGERY</b>	
08:30	New cutters and fluidic control	Harry Bennett, UK
09:00	Improving vitreous visualization: lights, dyes and contrast sensitivity	
09:30	New instrumentation for 25 and 27 gauge vitrectomy	
10:15	COFFEE BREAK	
10:45	Pearls and pits for principal steps in mininvasive vitrectomy	Harry Bennett, UK
11:30	Management of RRD	Stratos Gotzaridis, Greece
12:00	Epiretinal and subretinal membranes and Management of Dislocated IOLs	
12:30	LUNCH	
	<b>VITREORETINAL SURGERY IN HIGH MYOPIA</b>	
13:30	Surgical indications, treatment, potential complications and visual result of vitreomacular schisis vitrectomy in high myopic eyes	Stratos Gotzaridis, Greece
14:00	Retinal rhegmatogenous detachment in high myopia	
14:30	Management of a MH with or without retinal detachment in high myopic eye	
15:30	COFFEE BREAK	
16:00	"Head-up" vitreoretinal surgery: integrated system OCT-video 3d and video cases	Stratos Gotzaridis, Greece
17:00 - 17:30	Test, certificates and farewell
